Our newest CD has been in the works for almost a year, and contains three original tunes along with traditional songs and our interpretation of some recent hits. The title cut "The Sky Is Blue" and "Heart in Chains" were written by the late John Curtis, one of the founding members of **Up The Creek**. The song "My Old Friend" was written by Ed Wybranowski, and is guaranteed to touch your heart.

We have scheduled three engagements to introduce our new collection of Classic Bluegrass to our friends throughout Florida.

September 11, 2010. We will be performing all the songs from the CD at the Southwest Florida Bluegrass Association Monthly show at Ramblers Rest in Venice, FL. <http://www.southwestfloridabluegrass.org/>

September 17, 2010. We will perform this CD at the U.S. Vets in Orange Lake, FL.
Just South of Gainesville. 18611 U.S. 441, Reddick, FL 32686 (352) 591-2135

September 24-25, 2010. We will be performing Friday and Saturday at the 5th Annual PICKIN' IN THE PINES Festival in Perry, FL. http://www.floridastatebluegrass.com/index.php?option=com_content&view=article&id=83&Itemid=106
